

# Turbo-Seed™

Performance Nutrition

TurboSeed is a premium nutritional seed flow aid, that focuses on premium seed flow capabilities, vital organically complexed micronutrients and Biostimulants. The formulation ensures optimal seedling emergence and vigor, while supporting early plant establishment and supports root development once germination has begun.

## GUARANTEED ANALYSIS

|                      |       |
|----------------------|-------|
| Zinc (Zn).....       | 4.1 % |
| Iron (Fe).....       | 1.2 % |
| Manganese (Mn).....  | 1.0 % |
| Molybdenum (Mo)..... | 0.1 % |
| Cobalt (Co).....     | 0.1 % |
| Sulfur (S).....      | 3.4 % |

Derived from Zinc sulfate, Iron sulfate, Manganese sulfate, Sodium molybdate, Cobalt sulfate, Copper sulfate.

Talc/Polymer in an 80:20 ratio.

## CROPS

Broad spectrum

## PACKAGING

**1 x 2.84kg (100oz) Pail**

Treats up to 125ac or 50 units at 80,000 seed per unit (Case contains 2 x 50 unit pails)

## APPLICATION TIMING

Seed treatment. Apply directly in the hopper box or the seed tender

## RATES

**Seed treatment:** See label for application rate per crop required

## SHELF LIFE

4 Years from date of manufacturing

## STATE AVAILABILITY

ND, SD, KS, MO, IA, MN, NE

## FEATURES

- Talc and Polymer seed flow aid reduces bridging and improves flowability.
- Improved seed dry off.
- Enhanced germination and vigor.
- Vital micronutrients and building blocks for early plant establishment.
- Biostimulant for better plant growth promoting and enhancing stress tolerance.

## COMPATIBILITY:

Compatible with most chemical treatments. Contact MBFi representative for more details

### Precautionary statements:

Read the label before use. If medical advice is needed, have a product container or label nearby. Wash protective equipment and work clothes thoroughly after handling the product.
