

# Foam Control

Antifoaming Agent

**ANTIFOAM DISPERSIBLE CONCENTRATE FORMULATED TO  
REDUCE FOAMING IN TANK MIXTURES.**

## PRINCIPAL FUNCTIONING AGENTS

Polydimethylsiloxane..... 10%

All ingredients are exempt from  
tolerance according to 40 CFR 180

## GENERAL INFORMATION

Foam Control is a silicone-based antifoaming agent formulated to help suppress foam formation and reduce existing foam in pesticide spray mixtures. Excess foam can interfere with efficient mixing and application. Foam Control may be used in agricultural, forestry, turf and ornamental, industrial, structural, and non-cropland applications.

**KEEP OUT OF REACH OF CHILDREN**

## NET CONTENT

1 qt (0.95 L)  
2 lbs (0.91 kg)

## DENSITY

8.45 lbs/gal at 68°F

mixing instructions

Manufactured, Distributed and Guaranteed by:  
MBFi LLC, 4006 South 40th Street,  
St. Joseph, Missouri, 64503 | [www.mbf.bio](http://www.mbf.bio)

## DIRECTIONS FOR USE

Prior to use, read all the directions on this label and on the labels of the other manufacturers' products being used with Foam Control. Test for compatibility prior to mixing and application with other chemicals. Always test new tank mix combinations before widespread use. Contact an MBFi representative for the latest compatibility chart and recommendations on the use of these compatible product combinations.

### Mixing

Shake well before use. Fill the spray tank about halfway with water and begin agitation. Add Foam Control first, following label directions. Add remaining tank-mix products as directed by their labels, or in the following order: (1) dry flowables or water-dispersible granules, (2) wettable powders, (3) flowables, (4) soluble liquids, and (5) emulsifiable concentrates. Maintain agitation during mixing and application. Re-agitate if the spray mixture has been allowed to stand.

## RECOMMENDED APPLICATION RATES

Use rates may vary depending on the foaming characteristics of the spray mixture, water quality, application equipment, and method of application. Higher use rates than those listed may be required in some situations to control excessive foam. Do not add this product at a rate exceeding **3% of the finished spray volume.**

### For dilute, full volume application

Add 0.5-2 fl. oz per 100 gal of water.

## WARNING / AVISO

Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle. (If you do not understand the label, find someone to explain it to you in detail).

## PRECAUTIONARY STATEMENTS

Read the label before use. If medical advice is needed, have a product container or label at hand. Wash hands thoroughly after handling. Wear eye protection and face protection. Avoid breathing fumes/mist/vapor/spray. Use only outdoors or in a well-ventilated area. Wash protective equipment and work clothes thoroughly after handling.

## STORAGE AND DISPOSAL

**This product must be stored between 40 and 80°F (4 and 27°C)**, in a cool, dry place, away from direct sunlight, food, animal feed, children, and animals. Keep in original, sealed container. Use before expiry. Do not reuse container. Dispose of rinsate and container per local, state, and federal regulations. Improper storage may cause irreversible damage and make the product unusable.

## WARRANTY

MBFi LLC ("MBFi") warrants that this Product conforms to the chemical description on this label and is reasonably fit for the purposes stated when used according to label directions and under normal conditions of use. MBFi and the Seller make no other warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose. The Buyer and User accept all risks associated with the use of this Product. To the extent permitted by law, MBFi and the Seller shall not be liable to the Buyer or User for any consequential, special, incidental, or indirect damages.
