

SAXSYM™

INCITE® LIF CORN

A LIQUID BIOSTIMULANT FORMULATED FOR IN-FURROW APPLICATION ON CORN.

GUARANTEED ANALYSIS SOIL AMENDING INGREDIENTS

ACTIVE INGREDIENT

*Bacillus methylothrophicus**1.00%

*Contains a minimum of 5×10^8 cfu/ml

TOTAL OTHER INERT INGREDIENTS

Spent fermentation media.... >99%

GENERAL INFORMATION

Incite® LIF Corn contains a naturally occurring, symbiotic, non-pathogenic *Bacillus* bacterium. It is a liquid in-furrow biostimulant treatment that supports enhanced plant growth by solubilizing nutrients, rendering them more accessible to plants, stimulating increased root development, and improving plant growth. Incite® LIF Corn is not a plant food product.

NET CONTENT
25 ACRE CASE
2.5 gal (9.46 L)
333.6 oz (9.45 kg)
Treats up to 25 acres in-furrow

Manufactured, Distributed and Guaranteed by:
MBFi LLC, 4006 South 40th Street,
St. Joseph, Missouri, 64503 | www.mbfibio.com

DIRECTIONS FOR USE

Use before the expiration date. Once opened, use the entire contents of the container within 24 hours. Shake bladders well before use to ensure a uniform suspension. Settling of bacteria is normal during storage. Ensure the in-furrow delivery system is thoroughly cleaned and flushed of any chemical residues before adding the product to the tank. Agitate the liquid mixture thoroughly to ensure a homogenous solution. The in-furrow application should be directly on the seed or in the seed furrow and not above, below or to the side of the seed. Do not allow the tank mixture to exceed 80°F (27°C). The diluted mixture must be used within 24 hours. Incite® LIF Corn may be applied in combination with other compatible treatment products. Contact an MBFi representative for the latest compatibility chart and recommendations on the use of these compatible product combinations.

RECOMMENDED APPLICATION RATES

In-furrow Applications (Suggested rates)

Row width (inches)	Rate (fl. oz/acre)*	Treats (acres)
20	19.2	16.7
22	17.5	18.3
24	16.0	20.0
30	12.8	25.0
32	12.0	26.7
36	10.7	30.0
38	10.1	31.7
40	9.6	33.3
42	9.1	35.0

*For a known row width, ensure that the equipment is calibrated to deliver the correct application volume of **0.73 fl. oz** of liquid concentrate per 1,000 linear row feet.

WARNING / AVISO

Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle. (If you do not understand the label, find someone to explain it to you in detail).

PRECAUTIONARY STATEMENTS

Read the label before use. If medical advice is needed, have a product container or label at hand. Wash hands thoroughly after handling. Wear eye protection and face protection. Avoid breathing fumes/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Wash protective equipment and work clothes thoroughly after handling.

STORAGE AND DISPOSAL

This product must be stored between 40 and 80°F (4 and 27°C). Failure to do so will cause irreversible damage and render the product unfit for use. Keep containers sealed when not in use. Store in the original container only. Do not reuse empty containers. Rinse the container thoroughly prior to disposal. Dispose of rinsate and container in accordance with local, state, and federal regulations. Keep out of direct sunlight. Components lose sterility after opening.

WARRANTY

MBFi LLC ("MBFi") warrants that this Product conforms to the chemical description on this label and is reasonably fit for the purposes stated when used according to label directions and under normal conditions of use. MBFi and the Seller make no other warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose. The Buyer and User accept all risks associated with the use of this Product. To the extent permitted by law, MBFi and the Seller shall not be liable to the Buyer or User for any consequential, special, incidental, or indirect damages.
