

SAXSYM™

INCITE® ST SOYBEAN

A LIQUID BIOSTIMULANT FOR USE AS SEED TREATMENT ON SOYBEAN.

GUARANTEED ANALYSIS SOIL AMENDING INGREDIENTS

ACTIVE INGREDIENT

*Bacillus methylotrophicus**.....1.00%

*Contains a minimum of 2×10^9 cfu/ml

TOTAL OTHER INERT INGREDIENTS

Spent fermentation media.... >99%

GENERAL INFORMATION

Incite® ST Soybean contains a naturally occurring, symbiotic, non-pathogenic *Bacillus* bacterium. It is a liquid biostimulant for seed treatment that supports enhanced plant growth by solubilizing soil nutrients, rendering them more accessible to plants, stimulating increased root development, and improving plant growth. Incite® ST Soybean is not a plant food product.

NET CONTENT

40 UNIT CASE

1 X 40.58 fl. oz (1.2 L)

42.3 oz (1.2 kg)

Treats 2,000# (907 kg) of seed

MBFi

Manufactured, Distributed and Guaranteed by:
MBFi LLC, 4006 South 40th Street,
St. Joseph, Missouri, 64503 | www.mbfibio

DIRECTIONS FOR USE

Use before the expiration date. Once opened, use the entire contents of the container within 24 hours. **When utilizing commercial seed treatment equipment**, refer to the calibration information of the equipment being used to achieve the desired application rate. Place the entire contents of the Incite® ST Soybean bladder in a treating tank dedicated to the use of inoculant products. Ensure thorough coverage of the seed with the product. Apply Incite® ST Soybean with other liquid inoculants, or otherwise apply the liquid inoculant products first and then apply Incite® ST Soybean as a second liquid coating to the seed. Incite® ST Soybean must be applied separately from the application of other seed treatment products in a wet or dry sequential method. Using a separate dispensing mechanism from other treatments being applied, apply Incite® ST Soybean at the endpoint after the last liquid product has been treated and before the polishing drum. Protect treated seeds from direct sunlight. Incite® ST Soybean may be applied in combination with other compatible seed treatment products. Contact an MBFi representative for the latest compatibility chart and recommendations on the use of these compatible product combinations.

RECOMMENDED APPLICATION RATES

Soybean

Apply at a rate of 2.0 fl. oz per cwt or 1.0 fl. oz per 140,000 seeds.

WARNING / AVISO

Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle. (If you do not understand the label, find someone to explain it to you in detail).

PRECAUTIONARY STATEMENTS

Read the label before use. If medical advice is needed, have a product container or label at hand. Wash hands thoroughly after handling. Wear eye protection and face protection. Avoid breathing fumes/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Wash protective equipment and work clothes thoroughly after handling.

STORAGE AND DISPOSAL

This product must be stored between 40 and 80 °F (4 and 27 °C). Failure to do so will cause irreversible damage and render the product unfit for use. Keep containers sealed when not in use. Store in the original container only. Do not reuse empty containers. Rinse the container thoroughly prior to disposal. Dispose of rinsate and container in accordance with local, state, and federal regulations. Keep out of direct sunlight. Components lose sterility after opening.

WARRANTY

MBFi LLC ("MBFi") warrants that this Product conforms to the chemical description on this label and is reasonably fit for the purposes stated when used according to label directions and under normal conditions of use. MBFi and the Seller make no other warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose. The Buyer and User accept all risks associated with the use of this Product. To the extent permitted by law, MBFi and the Seller shall not be liable to the Buyer or User for any consequential, special, incidental, or indirect damages.
