DIRECTIONS FOR USE

Prior to use, read all the directions on this label. Once the tank is empty, fill half of its volume with water and start agitation. Add 32 fl. oz of Tank man per 100 gal of water and continue to agitate. Fill the remaining volume of the tank with water. Ensure all the pipes, nozzels and filters are cleaned and rinsed thoroughly. Empty the tank and rinse it at least twice with clean water. If necessary, repeat the treatment.

PRECAUTIONARY STATEMENTS

Read the label before use. If medical advice is needed, have a product container or label at hand. Wash hands thoroughly after handling. Wear eye protection and face protection. Avoid breathing fumes/mist/vapor/spray. Use only outdoors or in a well-ventilated area. Wash protective equipment and work clothes thoroughly after handling.
